

Introduction to Music Checklist

NAME: _____ DATE: _____ AM/PM: _____

In order to complete and receive credit for this assignment, every item on the checklist must be checked and completed.

PART ONE INSTRUCTIONS

1. _____ Try to use 2 popular songs so you will be able to find enough content to work with. You will take the VOCALS from one song and INSTRUMENTAL from the other song to create 1 new song.
2. _____ You can mix genres, styles, BMP, tempo, etc.
3. _____ Both songs should have music and lyrics
4. _____ Please keep the lyrics "school appropriate"
5. _____ Use the Sample app to record the songs
6. _____ After downloading the files, place them in your Assets folder
7. _____ Open the files in Logic Pro
8. _____ Trim the songs into pieces to begin your mix
9. _____ You may change the Tempo, Pitch, Volume, etc. for your mix
10. _____ Your song must be a minimum of 2 minutes
11. _____ If looking for music only, search YouTube for "Karaoke" version
12. _____ If looking for Lyrics, search for "Lyrics only"
13. _____ Export your file as a Logic Pro ".logicx" file and upload it to Schoology
14. _____ When uploading the new mix, make sure you list the two songs and the artist's name in the Schoology comment box.

PART TWO INSTRUCTIONS

1. _____ Use the Logic Pro Loops to create a music track for your "Entrance" song.
2. _____ Imagine if you walked into a room full of people, what would your theme song be?
3. _____ Is it a funny, serious, rap, rock, etc. song? What "mood" are you going for? are you entering happy, sad, angry, or sneaky?
4. _____ You need to use 4 Loops from Logic Pro for the project
5. _____ Your track needs to have a beat and use at least one instrument

6. _____ Your AUDIO track needs to be 30 seconds in length
7. _____ Take a video of yourself walking against the green screen. The VIDEO length needs to be 15-30 seconds in length depending on the idea
8. _____ Find a video background on YouTube that matches the theme of your entrance song (ex: party, beach, city, etc. depending on the style of your music)
9. _____ Take the background you found on YouTube and combine your Green Screen walking footage to remove the background in iMovie.
10. _____ Add your song to the iMovie project to create your Entrance Song intro walk.
11. _____ Export your file and upload it to Schoology

PART THREE INSTRUCTIONS

1. _____ Your job is to cut, splice, and mix original musical recordings to smoothly transition from different sections of each song.
2. _____ For this part of the project, you need to pick TWO NEW (2) songs. Each song will be separated into 2 tracks: one vocal and one instrumental for a total of 4 tracks. You can use the "Stem Splitter" feature to separate the song into individual tracks of Vocals and Instruments to create your Mashup.
3. _____ You can always try to search for the song and add the term "clean"
4. _____ It can also be different genres - Rock, Rap, Dubstep, Techno, Jazz, Classical, Reggae, etc.
5. _____ WHEN SEARCHING FOR SONGS, USE THESE SEARCH TERMS:
6. _____ VOCALS ONLY- "Lyrics only, vocals only, acapella"
7. _____ MUSIC ONLY- "Instrumental, Karaoke, without vocals/lyrics"
8. _____ Every 20-30 seconds there should be a change in the song by way of a different audio clip.
9. _____ In order to get the music you need, you can go to YouTube, Soundcloud, Spotify and find the songs, and record them using the sample app.
10. _____ You can search for a complete song or parts of a song like just the Lyric Track or the Rhythm track
11. _____ Then, use the Sample App and the Logic Pro "Stem Splitter" feature to record and separate the tracks in your music.

12. _____ Make sure each audio clip is adjusted in volume and/or fade to create smooth transitions.
13. _____ The mash-up should be a minimum of 2 minutes in length.
14. _____ Your 4 songs should not go in order but should go back and forth between sections of songs like the diagram below.
15. _____ HAVE FUN!!!! pick artists, you like that will keep you interested in the project
16. _____ Upload you Logic Pro ".logicx" file to Schoology when you're done.
17. _____ EXPORT YOUR MASHUP OUT OF LOGIC PRO AND CONVERT IT TO AN MP3 TO PREPARE TO IMPORT IT INTO IMOVIE FOR YOUR HYPE VIDEO.

PART FOUR INSTRUCTIONS

1. _____ Once your Mashup is complete, make a video to go along with it in Apple iMovie.
2. _____ You can select from 3 different topics
 1. Sports
 2. Video Games
 3. Movies and/or TV shows
 4. DO NOT USE the music videos that went with the songs you chose
3. _____ **YOU MUST USE 4 DIFFERENT VIDEOS** and mash those together also. For example, if you do a Basketball highlight video, pick 4 different players or games and edit those together with the 4 songs you picked
4. _____ Make sure your music matches the tempo of the footage you've selected. Is it exciting? Is it sad? Does the music change during intense, exciting moments?
5. _____ Your video needs to have a title slide with the names of the artists you used and the videos you chose
 1. Example: Artists: Post Mallone, Drake, and Rhianna - Video: NBA 2024 Playoffs
6. _____ You need to use transitions between your songs and videos
7. _____ You can also use graphics
8. _____ You can create slides
9. _____ You can use images from Google
10. _____ Your video needs an ending slide
11. _____ Upload to Schoology when you're done.
